MESSAGE FROM PRESIDENT

Prof. Dr. P. Soundararajan
President, Indian Society of Nephrology
Southern Chapter

Dear Delegates,

It is my utmost pleasure to extend a warm welcome to all of you at the **Indian Society of Nephrology Southern Chapter Conference 2024 (ISNSCCON 2024).** As the President of this esteemed conference, I am honoured to invite you to join us for this momentous event.

Hosting the conference in Hyderabad post-pandemic is particularly fitting for two compelling reasons. Firstly, Hyderabad holds significance as the birthplace of Covaxin in the Genomic Valley, showcasing the city's contributions to the development of this vital vaccine. Secondly, despite the challenges posed by the pandemic, transplant centers in Hyderabad continued to operate and successfully perform kidney, liver, heart, and lung transplants, highlighting their resilience and dedication to patient care during these unprecedented times.

The conference has prepared an enriching scientific program encompassing a wide range of topics, including clinical practice, research advancements, patient management, and cutting-edge technologies. With keynote lectures, plenary sessions, symposia, workshops, and presentations, our program aims to broaden your horizons, enhance your skills, and equip you with the tools necessary to deliver exceptional care to your patients.

I encourage all delegates to seize this extraordinary opportunity. Immerse yourself in the scientific sessions, actively participate in discussions, and embrace the chance to learn, grow, and contribute to the advancement of Nephrology.

On behalf of the Indian Society of Nephrology Southern Chapter, I extend a warm welcome to each and every one of you. Let us come together, explore new frontiers, embrace innovation, and empower lives through Nephrology.

Thank you, and I eagerly look forward to meeting you at ISNSCCON 2024.

"Glorious Past is our lesson, Present is our Gift, Future is our dream for Academic Excellence"

MESSAGE FROM ORGANISING CHAIRPERSON

Dr (Prof) Manisha Sahay
Organizing Chairperson
ISNSCCON 2024

As the organizing chairman for ISNSCCON2024, it is my proud privilege to pen down a message for ISNSCON2024 to be held at Hyderabad. I am sure the scientific committee will be coming out with a splendid scientific program which would be practical and useful for practising nephrologists. The essence of any conference is the free paper sessions which give an opportunity for the researchers to present their work. Finding the right mentors is the buzz word and such meetings provide just that for our "Gen Next".

We will leave no stone unturned to make the conference a memorable one for many years to come.

Our team is planning a unique cultural program which promises to enthrall you and get you all – the "young" and "not so young" on their feet as the sun sets and the night falls. The mouthwatering Hyderabad cuisine is something to look forward to.

We are looking forward to welcoming you to the academic extravaganza at our beautiful city. Please attend in large numbers. We will do our best to ensure a comfortable and enriching experience during the conference.

To come to the conference do not have qualms
We are there to welcome you with open arms
